

SHARON REITSMA

PROJECT MANAGER

Construction
Team

RESPONSIBILITIES

As Project Manager, Sharon is responsible for managing healthcare, and education projects from the JCP office with an eye on budget, scheduling, subcontractor ad JCP self- performance management as well as quality, and safety.

PROFESSIONAL EXPERIENCE

Passionate, organized, and engaged Project Manager with superb performance history for both nationally and locally operated firms. Proven results with design/build client relationships, bringing in projects under budget and on time, and improving bottom line. Strong reputation as a client advocate; earning client trust, repeat business, and referrals. Experienced with both design/build and outside architect for both collaboration and construction management.

PROFESSIONAL GOALS

Providing a positive and impactful experience through listening/understanding client needs, developing a collaborative plan, and executing the solution in a cost effective way so that the client feels included, respected, and valued.
